### FORMULATION, ADOPTION AND AMENDMENT OF POLICIES

Policy 2410

---

The Board of Education recognizes that the adoption of written policies constitutes the basic method by which the Board outlines the governance and leadership in the operation of the district. Policies may be proposed for adoption, change, or repeal at any regular or special Board meeting, by any member of the Board or the School District's central office administration. The Board delegates to the Superintendent of Schools the responsibility and authority to establish any and all rules, regulations, and/or procedures necessary to implement and maintain its policies.

Accordingly, the Superintendent is directed to initiate a program of Board policy revision to include the following items:

1. periodic review and evaluation of all current Board policy;
2. preparation of additional policies as needed;
3. consultation with district staff; and
4. presentation of a proposed policy in draft form to the Board for consideration prior to action.

The Board may, in its discretion, establish a Board Policy Committee to undertake a periodic review of the policy manual. Said committee shall be advisory only.

Once a proposed policy has been drafted, it will be placed on the Board's agenda for a first reading, giving all individuals an opportunity to comment on the proposed policy. The Board will not take any official action on any policy on a first reading unless a majority of the Board decides that it is necessary to do so. If the draft policy is acceptable or if it not acted upon out of necessity after the first reading, the draft policy will be placed on the Board's agenda for a second at which time the Board will officially act to adopt, modify or repeal said policy. The Superintendent or his/her designee will consult with the school attorney, as necessary, prior to the adoption, modification or repeal of a Board policy.

The adoption, modification, or repeal of a policy requires a majority vote of the entire Board. The formal adoption of policies shall be recorded in Board minutes. Only those policies so adopted and so recorded shall be regarded as official Board policy. The Board policy manual shall be kept in the district's administrative office and shall be made available to the public upon request. A copy of the Board policy manual shall also be kept in each school building, be posted on the District's website and such other locations as specified by the Board.
