### 10. REVIEW OF THE MONTHLY REPORT OF THE SUPERINTENDENT

• Syosset High School Principal Dr. Giovanni Durante introduced the school's eight National Merit Scholarship Semifinalists for the 2017-18 school year. Seniors Nishant Bhaumk, Melinda Blumenstock, Mathew Chvasta, Bradley Greenberg, Nikhil Jhaveri, Grace Kim, Simar Kohli and Wanlin Li were awarded certificates and congratulated by the Board.

- Superintendent of Schools Dr. Tom Rogers provided an update on Phase I construction and other school facility projects that took place over the summer. Facility projects completed over the summer include roofing and flooring at Baylis and Berry Hill Elementary Schools, an emergency second entrance at Walt Whitman Elementary School and the installation of a temporary boiler at Whitman, with a permanent boiler to be installed in October. For Phase I projects: architectural plans are being created to decommission underground storage tanks. Plans are completed and submitted to the State Education Department for new fire alarm systems, security vestibules, corridor wall glazing and interior doors. Dr. Rogers said the average SED approval timeframe is approximately 30 weeks. Once approved, work will take place during evenings, weekends and holiday breaks.
- Phase II projects were also discussed and entail the remaining work identified in the district's building condition survey, a new traffic loop at the high school, air conditioning solutions, renovated high school science rooms, a new weight room at the high school and the relocation and renovation of the main athletic field and track. Dr. Rogers indicated that parent committees and other community groups would be re-engaged in the communication of Phase II plans and public informational/input forums would be held prior to finalizing a proposal for community consideration.
- Prior to the current year, the district annually prepared enrollment projections. These internal projections showed the District's sustained enrollment drop reaching bottom in 2018-19. But when actual enrollment appeared to reach bottom in the 2016-17 school year, an independent consultant was hired to conduct a study, which projected that enrollment would increase gradually then stabilize after a few years. The study did not attempt to project enrollments from any new developments.
- All nine members of the Board wrote in support for a Town-wide proposal to raise the age requirement for purchasing cigarettes.
- Following a request by the Board, Dr. Rogers prepared recommendations for enhancing residency verification procedures, which will be presented to the district's policy committee for consideration.
- Dr. Rogers addressed the investigation into the anti-Semitic graffiti found on the Syosset High School campus in August, stating that the district is working closely with police. We have been asked not to communicate to avoid compromising their active investigation; thus any public updates will come from law enforcement, not the District. Dr. Rogers has been keeping the Board apprised. Dr. Rogers added that school officials had an initial meeting with local clergy and will be inviting other community leaders to join a larger effort in both the schools and the community.

### 11. CORRESPONDENCE - NONE

### 12. LEGISLATIVE ITEMS - NONE

### 13. AUDIENCE TO THE PUBLIC

Karen Ostrick, Woodbury, NY questioned whether recent graffiti defacing Woodbury homes may be connected to the high school incident. Dr. Rogers replied that since those incidents did not affect school properties, the district is not involved in the investigation. The same resident expressed concerns over buses dropping off students later than expected at one elementary school. Dr. Rogers acknowledged that while it is common for buses to experience schedule problems the first few weeks, most issues should be resolved at this point. Therefore, he encouraged the parent to share her specific concerns with administration, so as to enable the District to target its intervention.

- Tom Yacavone, Woodbury, NY questioned the calculation of the high school grade point averages (GPA). His proposal is to start every student's GPA as though they scored at the top of a letter grade ("A", "B+", etc.) range rather than the average. This would essentially add 2.5 points to every grade point average. Dr. Cohen pointed out that any change in grading policy could have unintended consequences and cannot be examined in isolation. Mr. Lafazan suggested that the District look at how other districts calculate numeric averages on transcripts and evaluate the impact of the comparison.
- Alona Cohen, Syosset, NY asked about creating a middle school early bus run. Dr. Rogers indicated he was unfamiliar with the particulars and would research and respond to the resident personally.

### 14. DISCUSSION ITEMS

- Rowing Club Request Ms. Cheng moved and Dr. Cohen seconded that the District underwrite the cost of transporting the Rowing Club to and from practices at Center Island. During discussion Dr. Rogers answered several Board questions: Both the rowing club and ice hockey team are clubs that are not recognized by Section VIII as interscholastic athletic teams. Thus, they would have to be recognized by the District as clubs. It would be unclear what the District's liability would be if the supervision of students occurred by someone not in the District's employ for that purpose. It was unknown whether there were any non-resident club members. Board President Dr. Michael Cohen suggested Dr. Rogers research the matter and speak with the directors for the rowing and hockey clubs to gather more information before a decision is made. Ms. Cheng withdrew her motion.
- NYSSBA Resolutions The Board discussed some of the Resolutions. The Board named Trustee Carol Cheng to be voting delegate for the 2017 NYSSBA Convention.
- Meeting with Village School Parents regarding Mercy First Concerns Dr. Cohen asked that the
  administration facilitate the Board's meeting with parents from the Village Elementary School to discuss
  concerns over disruptive behavior exhibited by Mercy First students in the neighborhood. Dr. Rogers has
  also been invited to take part in meetings between Mercy First officials and the Nassau Police
  Department regarding the safety of the immediate neighborhood, though none have taken place yet.
- Surveillance Camera Installation Mr. Lafazan called for the installation of additional surveillance cameras at district schools in light of the recent graffiti incident. Dr. Cohen said while the district has made great improvements in the past several years regarding safety and security, it should be open to considering further enhancements.
- Character Education in Syosset Schools Mr. Lafazan proposed reviewing the District's character education program. Dr. Rogers asked Deputy Superintendent Adele Bovard to share her summary of the many major existing initiatives at the elementary, middle and high school levels. Mr. Gershon said that no single incident is indicative of a problem with the character education program. Dr. Cohen recognized the District's extensive efforts and asked the administration to gather information from all district schools and compile a report on all current character education programs and opportunities for enhancement.

### 15. UNFINISHED BUSINESS

- **16. NEW BUSINESS** Detailed items are contained in the attachment.
  - a. Resolutions under the "a" category relate to appointments, transfers, reassignments, resignations, and retirements.
